

## **Calling all SOS divers with OUC insurance!**

**Please attend our Thousand Islands Chapter and lend a hand in the sinking of 5 life-sized sculptures just off Centeen Park in Brockville on Friday July 11 at 9:30 AM. These beautiful sculptures have been produced by the proud students of Thousand Islands Secondary School in Mr. Sheridan's art class.**

**This Underwater Sculpture Park will be the first of its kind in Canada and, is hoped, will send a message to the many divers who frequent our Brockville waters to help support the preservation of our local shipwrecks and underwater heritage. This initiative is being realized by the financial support of SOS Ontario (Ministry of Culture, Tourism and Sport), and in kind support from the City of Brockville, MacGregor Cranes Inc, The Aquatarium, Kane's Towing, Home Hardware Building Centre Brockville and the Upper Canada District School Board.**

**We hope to see you there during our opening day Canada's one and only Underwater Sculpture Park.**

**Sincerely,**

**Dave Sheridan  
Projects Manager  
SOS Thousand Islands**
